### About our Smoked Meats

*Adam's Rib Smoke House offers authentic smoked barbecue meats. We select the finest meats available and slow cook until perfection, tender and juicy. We use a true wood smoker, which we believe is the only way to smoke meats for the best quality, flavor and texture. Slow cooking produces a pink smoke ring; which is where true smoke flavor comes from. The longer you smoke your meat the larger the smoke (flavor) ring. So don't be worried if your chicken is a little pink. Just give that drumstick a shake; it's done! We are dedicated to preparing and providing you with the best; however, we smoke our meats daily, so we occasionally run out.*
